

# Project Notification – 26th March 2021

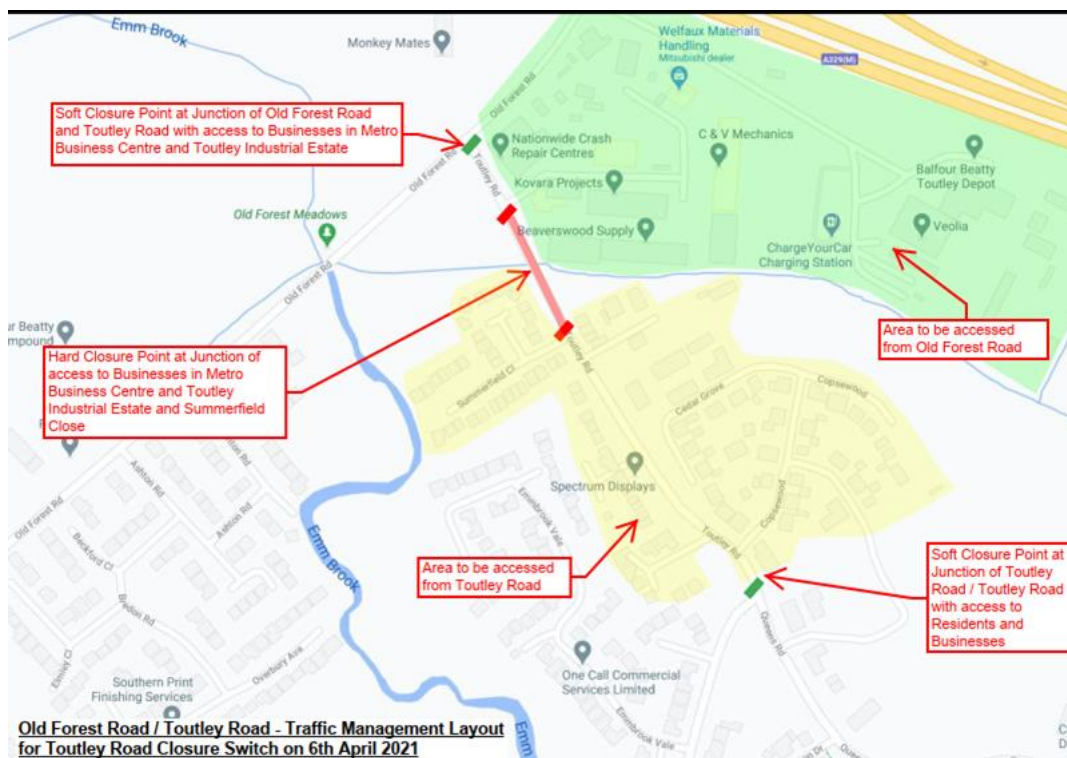

## North Wokingham Distributor Road

### Winnersh Relief Road Phase 2 (WRR2)

#### ADVANCE NOTIFICATION OF UPCOMING RE-OPENING OF OLD FOREST ROAD & FULL ROAD CLOSURE OF TOUTLEY ROAD

We would like to take this opportunity to notify you of the opening of Old Forest Road to road traffic on 06<sup>th</sup> April 2021. The reopening of Old Forest Road will allow Toutley Road to be closed from 6<sup>th</sup> April until November 2021 and enable the next phase of the NWDR project works to commence.

The closure points are detailed on the location plan below:

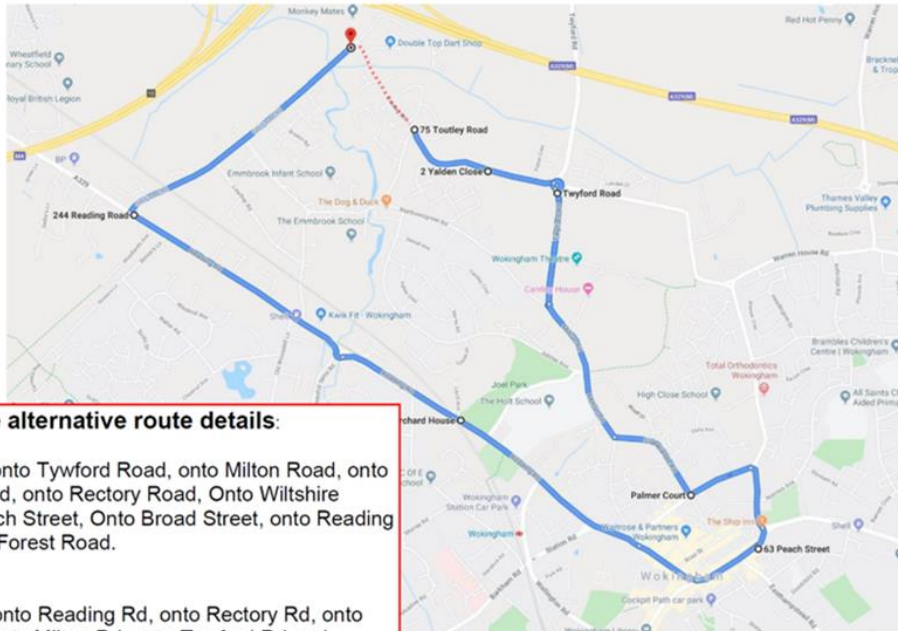

#### HGV Road Diversion route

Disruption to this section of the road network, in this case, is inevitable and we kindly ask you to familiarise yourself with the road diversion route map, shown directly below, so that you can notify friends, neighbours, relatives and anyone that would need to know about this. This diversion route has been assessed by the relevant authorities and approved by Wokingham Borough Council. It has taken into consideration the strong potential of increased traffic on residential roads, particularly in Toutley Road. The diversion route has been designed to divert traffic through to A-roads and avoid traffic passing near schools and normally busier sections of the route where possible.

For latest updates and live information on upcoming roadworks you can visit [One.Network](http://One.Network)

----- Toutley Road, road closure extents      ——— Alternative route for 24/7 road closures

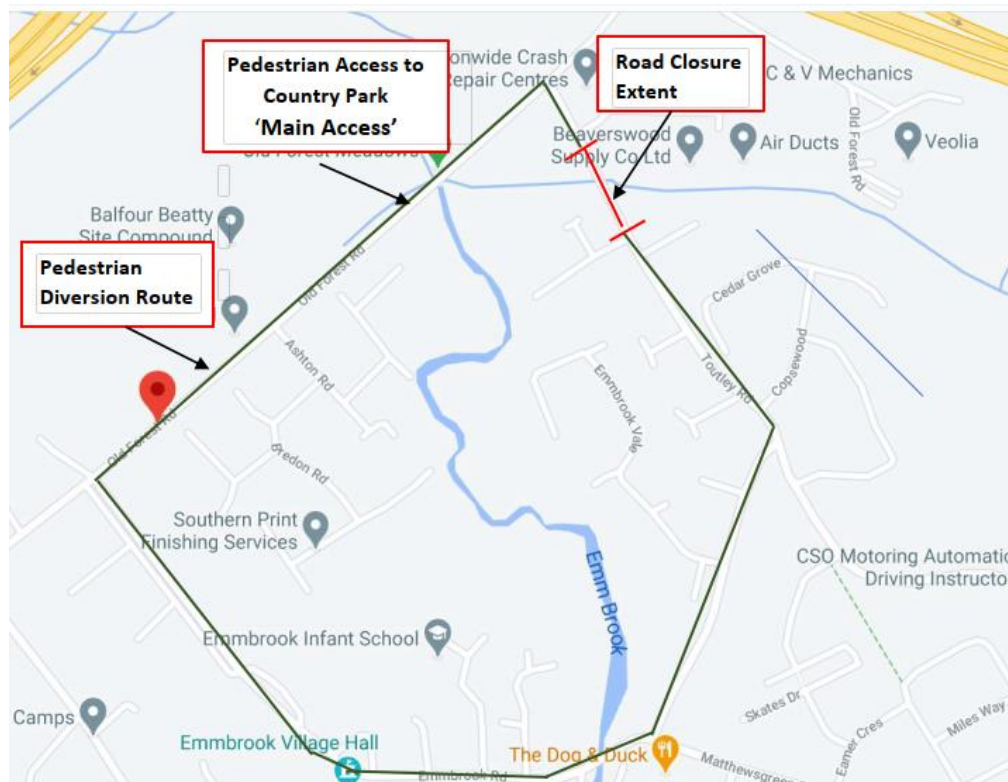

**Road closure alternative route details:**  
**Eastbound**  
 Queens Road, onto Tywford Road, onto Milton Road, onto Glebelands Road, onto Rectory Road, onto Wiltshire Road, onto Peach Street, onto Broad Street, onto Reading Road, onto Old Forest Road.  
**Westbound**  
 Old Forest Rd, onto Reading Rd, onto Rectory Rd, onto Glebelands Rd, onto Milton Rd, onto Tywford Rd and Queens Rd

**Pedestrian Diversion route**

A separate pedestrian route map has also been prepared and approved by the local authority. This has taken into consideration the safest route possible for pedestrians, including cyclists and dog-walkers and we strongly advise that you follow this route. Please see location plan below.

**Access into new Country Park**

The new Country Park will remain open throughout the period of our works. Access (which is wheelchair-friendly) into the Park will be from Old Forest Road opposite the Emmbrook bridges. All other access will be closed for the period of our works. Please see location plan below showing the Park open and closed access points.

## **Bus Network**

The bus network will remain affected. Further information can be found on: [www.myjourneywokingham.com](http://www.myjourneywokingham.com)

## **Looking to the Future**

We understand these essential roadworks are likely to cause you inconvenience and we apologise in advance for this. We kindly ask you for your patience and support whilst we carry out these necessary works which ultimately will help improve the wider road network in our town.

These works are part of the wider North Wokingham Distributor Road scheme.

Once completed this section of the NWDR will reduce traffic through the town centre, provide access to new housing developments and minimise the impact of increased traffic on existing roads.

Should you have any queries or concerns please contact the Balfour Beatty helpdesk on 0800 121 4444.

Also, if you haven't already signed up to receive our regular e-newsletter then we strongly advise that you do so by sending an e-mail to [NWDR@balfourbeatty.com](mailto:NWDR@balfourbeatty.com). If you do not have access to the internet, let us know by e-mailing us or calling the Balfour Beatty helpdesk.
